ACADEMIC ENRICHMENT CAMPS

Writing Readiness Camp! Ages 4-6

For more information, call (510) 494-4349

Is your child ready to write? This class will provide an opportunity to build a solid base upon which good writing skills will be developed in later years. Building fine motor skills, improving hand eye motor co-ordination and visual motor co-ordination through hands on activities. Teachers will use this critical time in your child's development by providing paper, white boards, crayons, various writing instruments, teaching a proper pencil grip, and most of all, lots of encouragement and supportive response.

Creative Writing: Journalism

Ages 5-6; 7-8; 9-11 & 11-14

Maintain the gains your child made during the school year! Journalism allows students to explore the writing process while exercising their creativity while strengthening their vocabulary and grammar skills. As they collaborate to create their very own newspaper, students practice four types of writing: descriptive, expository, narrative, and persuasive. Students have a great time working with their own newspaper 'staff' and gain important writing, revision, and editing skills. Don't miss this chance to spark your child's love of writing! Experienced educators, detailed feedback. \$25 material fee due first class.

Pre-public Speaking: Confident Self Ages 5-6

Want your child to be an effective class participant and successful public speaker? Confidence is the key! Confident Self provides opportunities for students to understand and integrate manners in their daily interactions. While developing an excellent foundation for public speaking, students learn how to connect to others, recognize polite and impolite behavior, practice positive actions and a positive attitude, and become good audience members. As students engage in fun activities that exercise their manners, they discover how to be a better friend and a model student in the classroom. Small class, detailed feedback, and professional coaches! \$15 material fee due at the first class.

Public Speaking: Creative Interpretation Ages 9-11

What is crucial to success in school and personal life? Good communication! Creative Interpretation explores literature and characters through speech. Students improve their ability to analyze literature and characters, organize speech and performance, speak clearly and effectively, use nonverbal communication, and utilize effective visual aids and props. The creative curriculum allows students to have fun

while they learn. Don't miss out on this exciting confidence builder! Small class, detailed feedback, and professional instructors. Final speeches recorded on DVD. \$25 material fee due at the first class.

Junior Math Olympiad & Enrichment

Ages 5-6 or 7-8

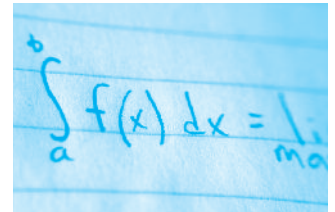

Junior Math Olympiad stimulates a student's love for mathematics while introducing and sharpening analytical skills. Students learn and strengthen problem solving strategies through practice solving complex and challenging word problems. Strategies learned help students become flexible and creative when solving mathematical problems. As students work through problems and become more intuitive they begin to foster a joy and a thrill for successfully meeting the challenges that word problems provide. Developing these critical problem solving skills will enrich a child's academic and personal life, the younger the child starts the better. \$30 material fee due first class.

Math Olympiad & Enrichment

Ages 9-11

Succeed in Math Olympiad and boost math grades with Math Olympiad & Enrichment! Math Olympiad offers students the chance to shine with a competitive edge. Featuring problems from previous Math

Olympiad competitions, our ongoing Math Olympiad Series is designed to help students strengthen math intuition and master major strategies in creative problem solving. Topics may include sequences, series, principles of divisibility, geometric configurations, and logic. Students become proficient in problem solving techniques, discover the fun of math, and increase Math Olympiad scores. DIFFERENT TOPICS covered each quarter; courses can be taken in any order. Experienced instructors, small classes. \$30 material fee due first class.

Debate & Critical Thinking - Student

Congress Ages 9-11 or 11-14

Ensure an academic edge! Debate enhances reading comprehension, increases GPA, and looks excellent on college applications. In Student Congress, a mock legislative session, students are assigned to 'houses' where they debate pre-assigned 'bills' or 'resolutions.' Students improve their critical thinking, research, organization, presentation, and listening skills. They experience teambuilding as they discover the thrill of debate. Professional coaches offer personal guidance and strengthen students' confidence, communication, and leadership abilities! \$15 material fee due first class.

Fizz-ical Phenomena & Che-Mystery Camps Ages 5-12

Take a walk on the wild side in this crazy week of sleuth science. Have a ton of fun as we whip up potions and experiment with all kinds of chemical reactions, including growing our own crystals, making sidewalk chalk, and a chromatography T-shirt to keep. Mix it up as we experiment with molecular madness, radical reactions and 'fizz'-ical and chemical reactions. Discover what those crazy chemists are really up to in their laboratories! Then use everything you've learned to solve the Mad Science Mystery: even Sherlock couldn't figure this one out!

Mad Science and NASA have teamed up to bring you the excitement and wonder of space in this new voyage of discovery. See the principles of thrust and propulsion at work in a real rocket launch. Explore the atmosphere on earth and beyond. Watch star dust burn, and journey through a galaxy as you investigate the life cycle of stars. Explore the farthest reaches of our solar system and create a lunar eclipse in this 'mad' planetary tour. Probe the mysteries of meteors and bounce around satellite light as you learn about space phenomena. Experience the life of an astronaut as you suit up for space flight. This is an experience that is truly out of this world!

MAD SCIENCE CAMPS, Continued

Nature's Anatomy Academy Camp Ages 5-12

Learn about insects, birds, beasts and you from the inside out in this action packed week. Have fun finding and magnifying nature's smallest critters, from fungus to insects. Discover what that night-hunting owl found for dinner during our owl pellet dissection. Whip up your own Mad Mucus and find out about the 'stuff' inside your body. Have some creepy-crawly fun building a bughouse and finding tenants, and build a birdhouse to take home with you.

Picture yourself as Sir Isaac Newton as we discover how things move with science. Experiment with inertia and gravity as you learn what football players, ballet dancers and scientists have in common. Explore how equipment and movement work together to help you enjoy your favorite sports. Learn about photography and the movie making business as we examine how a camera works, how film captures light and stores images, how motion pictures got started, and how filmmakers make images move. Spend some time in the lab learning the tools and techniques that real chemists use, and perform some spectacular hands-on projects.

Wacky Robots & Widgets Camp Ages 7-12

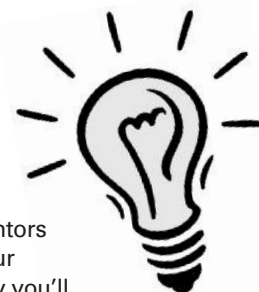

Whether your child loves to build things or destroy them, this week of camp includes lots of both! The junior Mad Science engineers will design and build structures using simple tools and their imaginations. Campers will even construct a geodesic dome big enough for all of them to sit inside. Then the machine madness starts. Children will discover how different machines, simple and complex, are used in our daily lives. Kids will design simple machines using pulleys, wedges, screws and levers and have fun learning how catapults work. We will use the skills we've learned to build a Mad Science robot that we can keep, all while learning the science of robotics.

Young Entrepreneurs Ages 7-11

In Young Entrepreneurs, children gain a deeper understanding and appreciation of how businesses are run and what people do in their everyday jobs. They learn teamwork, marketing, product development and pricing, the value of the dollar, and the gift of charity. During the week, participants create their own business, design a product, devise a marketing plan, and sell the product to the public. All proceeds from the sale go to a charity of the children's collective choice.

Eric Carle Drawing Workshop Camp

Ages 4-6

NEW

Drawing and reading with Young Rembrandts and Eric Carle-Pre-school children will explore the world of Eric Carle in this five-day class full of art and reading. Each day we will read a different Eric Carle book. Afterward, we will draw a Young Rembrandts lesson which incorporates one aspect of the book we just enjoyed reading together. Our creativity and imagination will play together as we create wonderful drawings. We will learn how to draw a variety of creatures including a caterpillar, a ladybug, a crab and more. Come explore the land of Eric Carle with Young Rembrandts! \$15 materials fee due at first class.

Pastels Australian Adventures Camp

Ages 9-14

NEW

We can't wait to take a tour of Australia. This workshop will provide us plenty of opportunity to try different techniques and media all in the hopes of challenging our artistic skills. One day will highlight the Australian Opera House and its unique shell shaped design. We will create a graphic version of this remarkable structure for a dramatic representation. Another will take us Down Under as we explore cartooning with Australian-related jokes and scenes. The last day will finish off this Summer Art workshop with a powerful pastel drawing of a furry koala bear. Pastels are a unique medium and allow us the opportunity to practice some truly sophisticated techniques. We will walk away with several Australian-themed drawings to impress everyone. TEEN PROGRAMS

NEW TEEN LEADERSHIP ACADEMY

The Teen Leadership Academy is designed to provide our youth and teen population with an opportunity to gain real life and work experience through civic engagement. Junior High and High School age young people are given an opportunity to perform community service while learning the principles of project management, work ethic, leadership, team work, and character building. Space is limited in both programs so registering early is a way to guarantee a spot.

If you want to hear more from the program supervisors, come to a no-obligation Open House and Information Meeting to learn more on Wednesday, May 2 or Thursday, June 7 at 7:00 pm.

There will be a MANDATORY orientation workshop on Monday, June 18 in the evening for all participants (and optional for their parents if they have questions as well.)

Junior High Students: A great way to get a head start in your leadership development and keep yourself busy during the summer doing something interesting, learning skills and meeting new people.

High School Students: In addition, our programs have helped many people graduate from high school! Historically, these programs have been considered valuable and are approved for volunteer service hours by the Fremont Unified School District and other local public and private schools. Please discuss the programs with your school's volunteer service coordinator for final approval.

Counselor in Training (C.I.T.) Program High School Students Only

For more information, call (510) 494-4344

Looking to do something fulfilling this summer? Become a C.I.T. and have fun while gaining valuable work experience at the same time! As a Counselor-In-Training, teens volunteer at our youth summer camps and special event programs where they learn leadership skills like how to: work effectively with different kinds of people, lead recreational activities, and learn about the various ages and stages of child development. These skills will help them mature as leaders AND potential future employees of the city and for other jobs that involve a strong work ethic!. There are more than 15+ volunteer work sites (day camps) located in Central Park and throughout the City. Teens will be scheduled to volunteer specific days/weeks and times – the work assignments will be given out on Friday, June 22nd (preferences will be turned in at the evening orientation meeting on June 18th.) During each session in which they are registered, volunteers will meet the second Friday to turn in time cards and participate in team building activities. Each week of work offers a maximum of 20-30 volunteer hours. Teens receive training, program binder, and volunteer T-shirt. PARTICIPANTS IN SESSIONS I & II CAN EARN AN END OF THE SUMMER DISCOUNTED/CHAPERONED TRIP TO DISNEYLAND!

Youth Service Corps (YSC) Incoming 7th Grader – 1 1th Grade

For more information, call (510) 790-5546

In this unique experience, teens work together as a team completing community work projects led by college-age camp counselors. Projects include tasks such as weed abatement, minor park equipment repair, graffiti removal, painting, and landscaping throughout the entire city. In addition to the volunteer work, each afternoon, teens can participate in outdoor activities that further build on the principles of team work and leadership. Each week of work offers a maximum of 20 volunteer hours. Teens receive project-specific training and a volunteer staff shirt. PARTICIPANTS CAN EARN AN END OF THE SUMMER DISCOUNTED/CHAPERONED TRIP TO DISNEYLAND! Location is the Central Park Pavillion.
